Sir:

SECOND REQUEST FOR CERTIFICATE OF CORRECTION

Pursuant to 35 U.S.C. §§ 254 and 37 C.F.R. §§ 1.322, this is the second request for a Certificate of Correction in the above-identified patent. Applicants submitted a first request for a Certificate of Correction on June 10, 2010, and subsequently received a Communication dated July 15, 2010 from the U.S. Patent and Trademark Office denying in part the first request for a Certificate of Correction. The Communication indicated that the requested correction to claim 5 - to replace "one or one heteroatoms" with "zero or one heteroatom" was denied "[a]s a result of the "examiner's decision," and instead "should read 'one to four heteroatoms.'" Communication at 1. This Second Request for a Certificate of Correction clarifies the correction requested in the first request for a Certificate of Correction.

Original claim 5 recited, in relevant part, "zero or one heteroatoms." As a result of the Examiner's Amendment in the Notice of Allowance dated September 23, 3009, claim 5 was amended to recite "one or one heteroatoms" (the Notice of Allowance explicitly states that "[t]he term 'zero' has been replaced with 'one' in . . . claim 5, page 9, the 10th line from the bottom of the page"). Accordingly, the Office's assertion that claim 5 should read "one to four heteroatoms" is inconsistent with the record.

Applicants also note that the recitation of "one or one heteroatoms" in claim 5 is redundant, unnecessary, and also inconsistent with the spirit of the Examiner's Amendment in the Notice of Allowance. Therefore, Applicants respectfully request correction of this phrase by replacing "one or one heteroatoms" with "one heteroatom."

Only one (1) copy of PTO Form 1050 is appended to this Second Request because it is being filed via EFS-Web. The complete Certificate of Correction involves one (1) page. Issuance of the Certificate of Correction containing the correction indicated above is earnestly requested.

Please charge any required fees not included herewith to Deposit Account
No. 06-0916.

Respectfully submitted,
